olibá GREEN BEER

UNIQUE

From native olive trees recovered in a remote place in the Catalan Pyrenees.

Where time stands still. Where things take their time.

Where nature breathes green and pure ...

*This is where Oliba is born, the only
green beer with Mediterranean flavour.
No one is indifferent*

liba GREEN BEER

UNIQUE

The formula

Exclusive high quality beer, unique in the world, as it is a recipe with a magical touch of various notes that define Mediterranean culture:

On the one hand, it is a **high quality craft beer**, the perfect excuse to bring out our most Mediterranean character: sharing and celebrating life.

And on the other, it has a special touch... more Mediterranean still: **the olive flavour**.

And so, from this simplicity of understanding life a spectacular beer is born...

olibA GREEN BEER

UNIQUE

The craft beer Oliba Green Beer is made with products typical of craft beer brewing:

Water, Barley and Wheat Malts, Barley Flakes, Hops, Yeast and Olive.

This craft beer is brewed with top quality ingredients and without sugars or preservatives and is not filtered or pasteurized and its gasification is the natural one of the first fermentation.

The **barley and wheat malts** we use are of the highest quality, from Germany, always from non-GM crops.

Hops from the Czech Republic, in addition to being natural antibacterials, provide it with a characteristic bitterness.

The lager type **yeast** naturally transforms the sugars in the must into alcohol and carbon dioxide (CO₂).

Spanish from Lleida **olives** give OLIBA its characteristic flavor and aroma.

The base water comes from the Noguera Ribagorçana, which is born in the Pyrenees, the region where our olives grow.

Non-returnable packaging

oliba GREEN BEER

UNIQUE

As a basis for the beer, a style called Bohemian Pilsner, originally from the Czech Republic, has been produced. High quality malt pils and Czech hops such as saaz have been used to offer a product of 4.6% alcohol, refreshing and smooth, that we managed to enhance the notes of olive oil that we will detail below in the tasting note.

Visual aspect

The first thing that surprises is an olive green color, reminiscent of freshly ground extra virgin olive oil, creamy, white and persistent foam, bright and transparent beer.

Smell

In the first olfactory layer we detect traces of "arbequina olive" and subtle notes of olive leaf, the hops provide floral and spicy touches combining perfectly with each other. Although we are talking about very subtle aromas, they can remind us of a landscape, specifically, at the time of harvesting the olives first thing in the morning.

Taste

In the mouth it is very pleasant, soft and refreshing, the malt pils and the spicy notes of the hops saaz are appreciated, but what is most surprising are the traces reminiscent of high quality extra virgin olive oil, leaving a delicate greasiness with a clean and dry aftertaste, that invites you to try more.

General impression

Fresh, complex, well rounded and refreshing, medium gasification, unique due to the sensation in the mouth and its pleasant unctuousness for everyone.
